EXECUTIVE SUMMARY

Tattersalls Ireland Derby Sale 2026 — store intelligence

The Derby Sale is the world's premier National Hunt store sale — unraced three-year-olds (foaled 2023) sold to be broken, given time, and turned into chasers and hurdlers. There is no racecourse form and no breeze; the page **is** the product. Value is driven almost entirely by the commercial standing of the (jumps) sire and by the depth and proximity of black-type in the female family. This report reads **all 558 catalogued stores** pedigree-by-pedigree. Black-type is counted directly from each catalogue page; sire profiles and market figures are verified against Tattersalls Ireland, the TDN and the Racing Post. **No pedigree or black-type was invented.**

Key findings

- **Walk In The Park and Blue Bresil set the ceiling.** The reigning champion jumps sire (Douvan, Min, Jonbon) and the late sire of Champion Hurdler Constitution Hill are the blue-chip names; a Walk In The Park gelding topped the 2025 Derby Sale at €285,000.
- **168 stores carry a black-type sibling already on the page** — the single most bankable signal at a store sale of unraced stock — and 36 have a Group/Listed dam.
- **94 lots rate elite / black-type** on our model: a top jumps sire over a page with a Grade 1 close up or a black-type dam.
- **A strong, rising market.** The 2025 renewal averaged €53,261 (median €43,000, +13%%), with a record 38 lots at €100,000+. The Derby Sale remains the leading source of Grade 1 jumpers (Jonbon, Brighterdaysahead, Constitution Hill).

METHODOLOGY

How a store page is scored — and what the model cannot see

With no form and no breeze, two pillars carry a store: the commercial profile of the jumps sire and the quality and proximity of black-type in the female family. The model measures both directly from the catalogue. It does **not** see the individual — the walk, the scope, the size, the vet view — which is the heart of buying a store and must be done on the grounds.

Model weights (max ≈ 100 points)

Factor	Weight	Rationale
Jumps sire commercial tier	34	Elite (Walk In The Park, Blue Bresil, Doctor Dino, Saint des Saints line, elite stamina-Flat sires) > leading > store.
Female-family black-type	46	A black-type sibling, a Group/Listed dam, a Grade 1 winner in the 1st/2nd dam, plus overall density.
Sex / type	4	Stores are sold as geldings or fillies; geldings are the commercial norm for jumping.
E.B.F. nomination	2	Standard eligibility sweetener.

Classification

- **Elite / black-type** — a top jumps sire over a genuine black-type page (Grade 1 close up or a black-type dam).
- **Commercial** — a sound sire and a live black-type family; the saleable core of the catalogue.
- **Value / store** — thinner page or less commercial sire; a pinhook or patient-owner store.

Stated limitation: sire tiers reflect durable commercial profile; sires outside our map score neutral, never an invented tier. The black-type read is taken from the catalogue page as printed. Conformation, movement, scope, the vet/scope view and full produce detail are the single-analysis layer, available on request.

CATALOGUE OVERVIEW

Composition of the sale

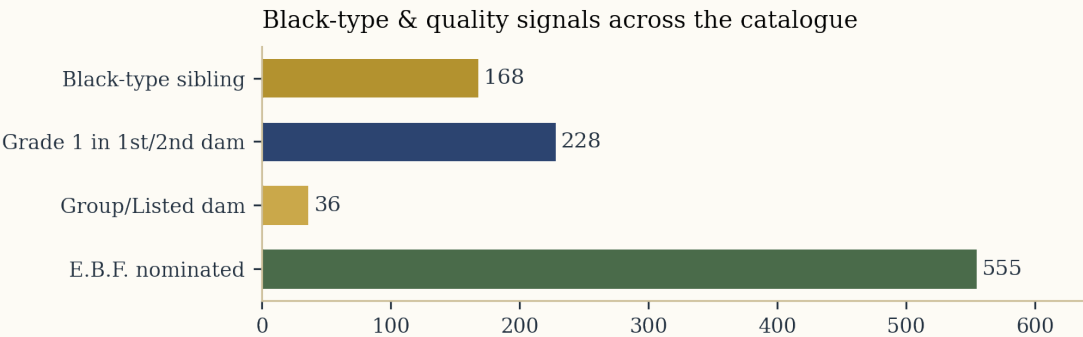

Fig. 2 — Black-type and quality signals. A black-type sibling on the page is the most valuable signal at a store sale; note how widely E.B.F. nomination runs versus the rarer Group/Listed dam.

SIRE INTELLIGENCE

Top jumps sires represented

The sire sets the commercial ceiling at a store sale. Verified profiles for the leading sires in this catalogue:

Sire	Profile (verified)
Walk In The Park	Reigning CHAMPION jumps sire (Grange Stud). Sire of Douvan, Min, Jonbon, Gaillard du Mesnil. The blue-chip store sire — and one of the most-represented here. A Walk In The Park gelding topped the 2025 Derby Sale at €285,000.
Blue Bresil	Glenview/Rathbarry — sire of Champion Hurdler Constitution Hill and Royale Pagaille. One of the leading NH stallions of his era (died late 2025, so crops are finite and increasingly precious). Most-represented sire in this catalogue.
Crystal Ocean	Banstead Manor (Juddmonte-bred) G1-winning dual-purpose sire; a fashionable young store sire and the single most-represented in this catalogue.
Poet's Word	Boardsmill Stud — exciting young G1-winning sire making a fast start in the store market.
Doctor Dino	Haras du Mesnil — €24,000 record French NH fee; sire of Champion Hurdle hero State Man, Dinoblue and La Bague Au Roi. Premier dual NH influence.
No Risk At All	Top French NH sire; a perennial six-figure store source.
Maxios	Versatile sire of black-type jumpers; strong store-market demand.
Affinisea	Established NH sire (Haras de la Rousseliere line).
Saint Des Saints / Goliath Du Berlais / Nirvana Du Berlais	The proven French jumps dynasty (Saint des Saints line) well represented.
Galileo / Montjeu / Sea The Stars / Order Of St George / Yeats	Elite Flat Classic sires used as premier stamina/store influences.

MARKET ESTIMATE

Indicative value bands (EUR)

The Derby Sale is a strong, rising store market — and it produces the top-priced store sold anywhere each year. Bands below are **indicative**, anchored to verified 2025 figures, and are *not* appraisals. The ceiling belongs to black-type pages by the elite jumps sires.

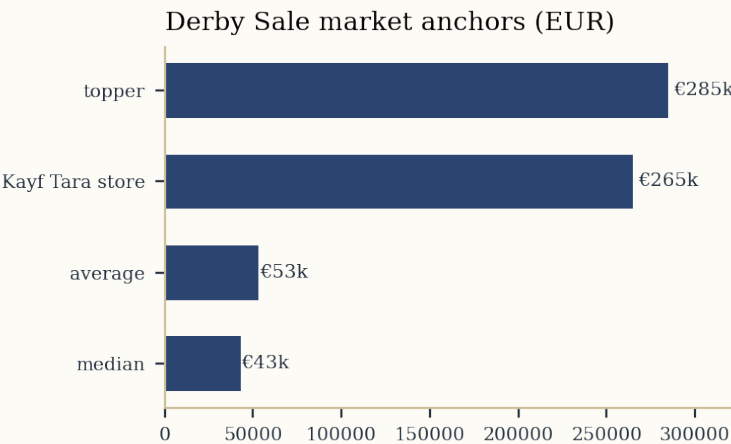

Fig. 5 — Verified Derby Sale market anchors (EUR).

Indicative bands for this catalogue

Lot profile	Indicative EUR
Elite sire + black-type page (Grade 1 close / black-type dam)	€120k – €285k+
Top sire + black-type sibling / strong page	€60k – €150k
Commercial — sound sire + live black-type family	€25k – €70k
Value / store — thinner page	€5k – €25k
Reference — Derby Sale 2025 average / median	€53,261 / €43,000

How to read these: a Walk In The Park gelding out of a smart mare made €285,000 in 2025 and 38 lots cleared €100,000 — the top end is real and concentrated in the elite sires over black-type pages. The bulk of the catalogue is sound commercial stock around the €43k median. Every band is conditional on the individual passing inspection and the vet/scope on the grounds.
