EXECUTIVE SUMMARY

Goffs Classic Breeze-Up 2026 — pedigree intelligence

The Goffs Classic Breeze-Up is a boutique Irish sale of two-year-olds (foaled 2024). The catalogue is compiled before the breeze, so this report reads the **page** — the commercial standing of the sire and the depth and proximity of black-type in the female family — across **all 74 catalogued lots**. The decisive live variable, the under-tack breeze at Naas on 22 June, should be layered on top of the page before bidding. Black-type is counted directly from each catalogue page; sire and market figures are verified against Goffs, the Racing Post and BloodHorse. **No pedigree or black-type was invented.**

Key findings

- **The breeze will decide the top.** In 2025 the €330,000 topper and several six-figure lots were the fastest, most-athletic breezers — so layer the 22 June under-tack view on the strong pages flagged here.
- **24 lots carry a black-type sibling on the page** and 17 are out of a Group/Listed dam — the page-side signals that travel best at a breeze-up of unraced juveniles.
- **24 lots rate elite / black-type** on our model: a commercial sire over a page with a Grade 1 close up or a black-type dam.
- **A premium boutique market.** The inaugural 2025 renewal posted the highest average (€65,783) and median (€45,000) of any Irish breeze-up, eight six-figure lots and a €330,000 topper — strong demand for a tightly curated catalogue.

METHODOLOGY

How a store page is scored — and what the model cannot see

With no form and no breeze, two pillars carry a store: the commercial profile of the jumps sire and the quality and proximity of black-type in the female family. The model measures both directly from the catalogue. It does **not** see the individual — the walk, the scope, the size, the vet view — which is the heart of buying a store and must be done on the grounds.

Model weights (max ≈ 100 points)

Factor	Weight	Rationale
Flat sire commercial tier	34	Elite (Kingman, Lope de Vega, Blue Point, No Nay Never, Palace Pier, St Mark's Basilica) > strong commercial > solid/regional.
Female-family black-type	46	A black-type sibling, a Group/Listed dam, a Grade 1 winner in the 1st/2nd dam, plus overall density.
Sex & foaling month	10	Colt/filly recorded; an earlier (Jan–Apr) foal is more forward for a June 2yo breeze-up.
E.B.F. nomination	2	Standard eligibility sweetener.

Classification

- **Elite / black-type** — a commercial sire over a genuine black-type page (Grade 1 close up or a black-type dam).
- **Commercial** — a sound sire and a live black-type family; the saleable core of the catalogue.
- **Value / pedigree** — thinner page or less fashionable sire; a speculative or pinhook play on the breeze.

Stated limitation: sire tiers reflect durable commercial profile; sires outside our map score neutral, never an invented tier. The black-type read is taken from the catalogue page as printed. The breeze time/action, conformation and the vet/scope view are the single-analysis layer, available on request.

CATALOGUE OVERVIEW

Composition of the sale

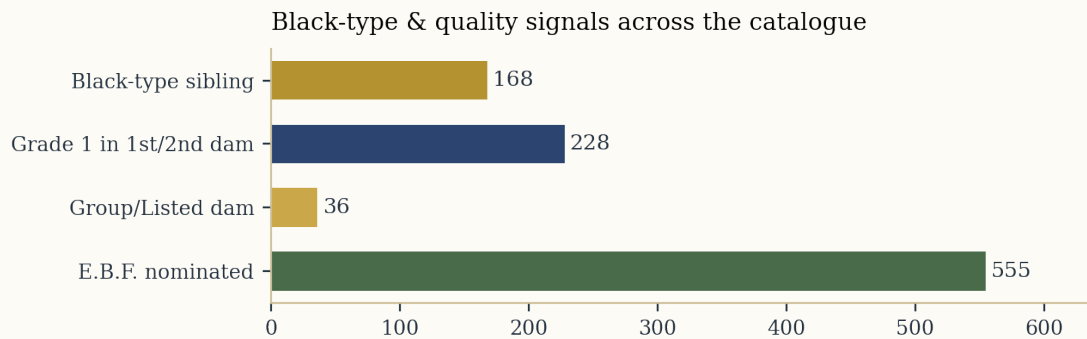

Fig. 2 — Black-type and quality signals. A black-type sibling on the page is the most valuable signal at a store sale; note how widely E.B.F. nomination runs versus the rarer Group/Listed dam.

SIRE INTELLIGENCE

Top sires represented

The sire sets the commercial ceiling at a breeze-up. Verified profiles for the leading sires in this catalogue:

Sire	Profile (verified)
Walk In The Park	Reigning CHAMPION jumps sire (Grange Stud). Sire of Douvan, Min, Jonbon, Gaillard du Mesnil. The blue-chip store sire — and one of the most-represented here. A Walk In The Park gelding topped the 2025 Derby Sale at €285,000.
Blue Bresil	Glenview/Rathbarry — sire of Champion Hurdler Constitution Hill and Royale Pagaille. One of the leading NH stallions of his era (died late 2025, so crops are finite and increasingly precious). Most-represented sire in this catalogue.
Crystal Ocean	Banstead Manor (Juddmonte-bred) G1-winning dual-purpose sire; a fashionable young store sire and the single most-represented in this catalogue.
Poet's Word	Boardsmill Stud — exciting young G1-winning sire making a fast start in the store market.
Doctor Dino	Haras du Mesnil — €24,000 record French NH fee; sire of Champion Hurdle hero State Man, Dinoblue and La Bague Au Roi. Premier dual NH influence.
No Risk At All	Top French NH sire; a perennial six-figure store source.
Maxios	Versatile sire of black-type jumpers; strong store-market demand.
Affinisea	Established NH sire (Haras de la Rousseliere line).
Saint Des Saints / Goliath Du Berlais / Nirvana Du Berlais	The proven French jumps dynasty (Saint des Saints line) well represented.
Galileo / Montjeu / Sea The Stars / Order Of St George / Yeats	Elite Flat Classic sires used as premier stamina/store influences.

DAM & FAMILY INTELLIGENCE

Top dams & black-type families

The deepest female families in the catalogue, ranked by black-type strength (a black-type dam, a black-type sibling, and Grade 1 proximity). Taken directly from each catalogue page.

MARKET ESTIMATE

Indicative value bands (EUR)

The Classic Breeze-Up is a premium boutique market. Bands below are **indicative**, anchored to verified 2025 figures, and are *not* appraisals. At a breeze-up the breeze can move a lot several bands — the ceiling belongs to fast breezers off a black-type page.

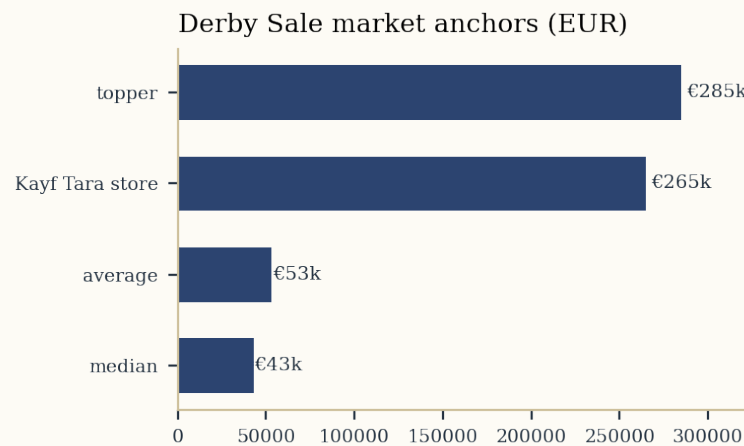

Fig. 5 — Verified Derby Sale market anchors (EUR).

Indicative bands for this catalogue

Lot profile	Indicative EUR
Elite sire + black-type page + strong breeze	€120k – €330k+
Commercial sire + black-type sibling / sharp page	€55k – €130k
Sound sire + live black-type family	€25k – €65k
Value / pedigree — thinner page (breeze-dependent)	€5k – €25k
Reference — Classic 2025 average / median	€65,783 / €45,000

How to read these: the 2025 topper made €330,000 and eight lots cleared €100,000 — the top end belongs to the fastest breezers off a strong page. The bulk of the catalogue trades around the €45k median. Every band is conditional on the breeze and the vet/scope on the grounds.
