Market Overview

Magic Millions Gold Coast March Yearling Sale · 12–13 March 2026

GROSS TOTAL (2 DAYS CONFIRMED)	AVERAGE PER HORSE	MEDIAN	TOP PRICE
A\$10.94M	A\$36,944	A\$27,500	A\$250,000
▲ +31.5% vs 2025 (A\$8.31M)	▲ +6.7% vs 2025 (A\$34,635)	▲ +10.0% vs 2025 (A\$25,000)	▲ Zousain Colt — Lot 416

BloodstockAI Analysis — Market Perspective

A 2026 Magic Millions Gold Coast March Yearling Sale entrou na história como a primeira edição aberta a cavalos não-QTIS, expandindo o catálogo para 508 lotes (447 após retiradas) — mais de 120 lotes a mais do que em 2025. O resultado foi um mercado seletivo mas resiliente: o gross total de A\$10,93 milhões superou em 31,5% a edição anterior, com média e mediana em alta. A taxa de clearance de 67% ficou abaixo dos 73% de 2025, reflexo direto de um catálogo mais amplo com cavalos de perfis variados e de fatores externos — inundações no Norte de Queensland e pressão sobre os custos de diesel e combustível reduziram a presença de compradores regionais. Para os lotes certos, porém, a competição foi intensa: o Zousain colt (Lot 416) da Robyn Wise alcançou A\$250.000, e 12 lotes cruzaram a barreira dos seis dígitos. Tony Gollan, Adam Campton e Sears Racing dominaram as compras, enquanto a Kenmore Lodge liderou os consignatários com 32 vendas por A\$1,45 milhão. Better Than Ready (36 vendidos, A\$1,54M) liderou por gross; Zousain dominou pela média com A\$81.833 em 6 lotes. A nova abertura a não-QTIS gerou demanda de NSW, Victoria, New Zealand, Hong Kong, China e Tailândia — uma diversificação que, segundo Barry Bowditch, deverá crescer nas próximas edições.

Gross +31.5% vs 2025

A\$10.94M gross with 296 sold, surpassing A\$8.31M in 2025. Real growth across all key metrics: average, median and total gross.

Primeira edição não-QTIS

2026 marked the historic opening of the sale to non-QTIS horses. NSW, Victoria, NZ, HK, China and Thailand all participated — strategic diversification for the future.

Qualidade no topo recompensada

12 six-figure lots. For the right horses, competition was fierce — Zousain colt and Better Than Ready filly proved that the market rewards physique and pedigree.

02 — SESSION COMPARISON

”

"Again today was a selective market. There were plenty of traders here to buy and when a good colt walked in and ticked the boxes, there was great demand. All in all, while being selective, we've sold significantly more horses than last year with a higher average and a larger gross."

— Barry Bowditch, Managing Director, Magic Millions

Deep Dive Analysis — Featured Sires

**Zousain · WIDDEN STUD · 3^a Safra · Filho de Zoustar****6 vendidos · Avg A\$81,833 · Top A\$250,000 · 60 vencedores na temporada**

Zousain delivered the defining moment of the sale by producing the sale topper (Lot 416, A\$250,000) and dominating the averages at A\$81,833 from 6 lots — nearly double the sale-wide average. With 60 Australian winners for the season and surging Hong Kong demand, the Widden Stud stallion is on a clear upward trajectory. Buyer Adam Campton explicitly outlined HK export plans — a pattern consistent with other Zousains in his portfolio. Key cross signal: Zousain × Smart Missile (So Cait) produced the best lot of the sale, flagging this pure speed cross as a commercial pattern to monitor. Leading averages at the first significant 2026 auction after January's Gold Coast sale further consolidates his commercial standing.

1**Better Than Ready · LYNDHURST STUD · Proven · Filho de More Than Ready****36 vendidos · Avg A\$42,694 · Top A\$200,000 · 59 catalogados**

With 59 yearlings catalogued — the most represented sire — Better Than Ready led by gross at A\$1,537,000, cementing his position as the most reliable QTIS mid-range sire on the market. Tony Gollan purchased multiple lots including two fillies at A\$130,000 and A\$85,000 — strong validation from one of Queensland's leading trainers. His A\$42,694 average exceeds the sale-wide mean (A\$36,944), confirming a consistent quality premium. Listed winner Hidden Wealth (Favelon Stakes) is his current ambassador on the track. The stallion is approaching 100 winners for the season, which should drive further price appreciation at upcoming sales.

2**Spirit of Boom · EUREKA STUD · Proven · Filho de Sequalo****~19 vendidos · Avg A\$47,368 · Top A\$150,000 · 26 catalogados**

Eureka Stud's Queensland favourite maintained his commercial consistency at the 2026 edition. Spirit of Boom was the only sire to gross A\$1M+ at this sale in 2025, and in 2026 continued the trajectory with solid results across all price points. Lot 417 (A\$150,000) to Webster Racing reinforces demand for his athletic and precocious progeny. Eureka Stud's decision to bring the largest single draft (43 lots) signals confidence in the reformatted sale. Graduates such as stakes-winning juvenile Itchintogo are the calling card for QTIS buyers.

06 — STRATEGIC ANALYSIS

Trends & Opportunities

BloodstockAI Research · March 2026

Magic Millions Gold Coast March — Total Gross Evolution 2022–2026

All figures in A\$ millions · *2026 confirmed at close of trade (13 Mar 2026)

Historic Opening to Non-QTIS

2026 marcou a primeira vez que a venda foi aberta a cavalos não-QTIS. NSW, Victoria, NZ, HK e Tailândia participaram. O formato expandido deve crescer nas edições futuras, segundo Bowditch.

Genuine Consistent Growth

A\$10.94M gross (▲+31.5%) with average (▲+6.7%) and median (▲+10%) both higher. Growth was not merely volume — quality competition for selected lots was present across both days.

QTIS: The Primary Demand Driver

QLD buyers accounted for 60.4% of Day 1 purchases. The QTIS system with A\$1.8M+ in prize money at the Queensland Jewel and weekly races above A\$110K/win is the primary value driver.

Clearance Rate: Area for Improvement

Final 67% (vs 73% in 2025) reflects a larger catalogue + flood impact on regional QLD buyers. Bowditch acknowledged this and committed to addressing it for 2027.

Opportunity: International Buyers

HK, Thailand, China, Philippines and NZ all present. Adam Campton explicitly targets HK for Zousains. Continued international base expansion is the biggest growth upside for this sale.

Emerging Breeze-Up Pipeline

New vendors like Attunga Stud came explicitly to position colts for breeze-up sales. The March format provides 3-4 months extra vs the June sale — a genuine value window for traders.

"The new format for the sale did attract a different buyer demographic. We are not immune to everything that is going on in the world... For the right product it was a very solid market. We think this has got huge potential."

— **Barry Bowditch**, Managing Director, Magic Millions

07 — STRATEGIC CONCLUSION

BloodstockAI Assessment — March 2026

Research Division · Confidential · 14 March 2026

A edição 2026 do Magic Millions Gold Coast March Yearling Sale representa uma inflexão estrutural para este leilão. A abertura histórica a cavalos não-QTIS expandiu o catálogo em mais de 120 lotes e trouxe novos compradores de NSW, Victoria, New Zealand, Hong Kong, China e Tailândia — uma diversificação que, a médio prazo, deverá elevar o piso competitivo da venda. O gross de A\$10.94 milhões — crescimento de 31.5% — com aumento em média, mediana e número de lotes vendidos demonstra que a reformulação foi o caminho certo.

The most revealing data point of the sale was not the topper but the consistency of Robyn Wise (6 lots, 100% clearance, avg A\$80,500) and the buying behaviour of Tony Gollan (12 purchases, avg A\$78,666): the QTIS mid-range market is healthy and deep. The 67% clearance rate — below 2025's 73% — is the only cautionary signal, but is explained by the expanded catalogue volume and external factors (regional flooding, fuel cost pressures) that suppressed attendance from inland Queensland buyers.

For bloodstock agents and investors, the opportunity windows are clear: Zousain is the sire with the greatest value momentum — an A\$81,833 average from just 6 lots confirms latent unmet demand, particularly from Hong Kong clients. Better Than Ready remains the most reliable value vehicle in the QTIS market. And the breeze-up pipeline, now explicitly supported by the March timing, creates opportunity for traders who need 3-4 extra months of preparation ahead of the mid-year sales.

5 Strategic Takeaways

01

BUY ZOUSAIN WITH A HONG KONG LENS

Averages leader at A\$81,833 with explicit HK demand. Sale topper Lot 416 is Hong Kong-bound — the same destination as multiple Zousains from Campton's portfolio. High potential ROI.

02

BTR IS THE VALUE FLOOR IN THE QTIS MID-RANGE

36 sold at a A\$42,694 average with a A\$200,000 top price. Tony Gollan bought multiple — the strongest local market validator. Well-related lots with the right physique will continue to outperform.

03

POSITION LOTS FOR THE BREEZE-UP SEASON

The March format creates a 3-4 month window vs the June sale. Attunga Stud and other interstate vendors came explicitly for this purpose. Identifying suitable colts at this sale is a differentiated strategy.

04

MONITOR CLEARANCE RATE AS A HEALTH SIGNAL

67% in 2026 vs 73% in 2025. Expanded catalogue + external factors explain the drop. If the format consolidates and clearance returns to 73%+ in 2027, gross could surpass A\$14M on a similar catalogue.

05

NEXT STEP: MM Adelaide + Inglis Easter

The sales circuit moves immediately to Adelaide (19-20 Mar) and Inglis Easter. Horses that passed in at March may be re-offered via Inglis Digital or at the June National Sale — monitor RNA lots closely.
